

Number: PL-620
Date: August 3, 2023
Subject: NPA 564 and 206 All-Services Overlay (Washington)
Related Previous Planning Letters: 492, 298, 239

General Description

On June 15, 2023, the Washington Utilities and Transportation Commission (Commission), in Docket UT - 230108, approved an all-services distributed overlay over the 206 NPA. The 206 NPA serves Seattle, Shoreline, Lake Forest Park, Mercer, Bainbridge, Vashon Island, the northern portion of Des Moines (which is split between the 206 and 253 NPAs) and other smaller communities. The **564 NPA** currently overlays the 360 NPA and will be expanded to serve the same geographic area currently served by the existing 206 NPA. Additionally, central office (“CO”) codes in the 564 NPA will be available for assignment only when all assignable prefixes in the 206 NPA have been assigned.

Implementation of Relief Plan

Implementation of the 206/564 NPA overlay is as follows:

	Date
Network preparation and customer education begins	September 10, 2024
Network preparation and customer education period ends	June 10, 2025
Earliest 564 NPA CO code activation date*	June 10, 2025
Earliest date CO codes in the 564 NPA may be ordered through NANPA**	April 5, 2025

*In service date of the new 564 NPA overlay

** CO codes in the 564 NPA will not be assigned until all available CO codes in the 206 NPA are assigned.

Central Office Code Listings and NPA Maps

A rate center map of the 206/564 NPA overlay is attached. Since NXX information may change over time, please consult the NANPA website at www.nanpa.com, iconectiv’s LERG Routing Guide or the NPA NXX Activity Guide for updated information. Information in the LERG Routing Guide and NPA NXX Activity Guide is available by license contract from Telecom Routing Administration, at 732-699-6700.

Dialing Plan

The dialing plan for the 206/564 NPA overlay is as follows:

Type of call	Call terminating in	Dialing plan
Local call	Home NPA (HNPA) or Foreign NPA (FNPA)	10-digits (NPA-NXX-XXXX) *
Toll call	HNPA or FNPA	1 + 10-digits (1 + NPA-NXX-XXXX)
Operator Services Credit card, collect, third party	HNPA or FNPA	0 + 10-digits (0 + NPA-NXX-XXXX)

* 1+10 digit dialing permissible at service provider's discretion

Network Testing

All international and domestic carriers should ensure that the 564 NPA is already activated throughout their networks. Since the 564 NPA is an active NPA, a test number is not necessary.

General Information

The information in this planning letter reflects detailed information about NPA relief activities. The information has been derived from commission orders and from industry implementation decisions. The implementation of the plan described in this letter is the responsibility of individual service providers, and NANPA does not guarantee that the activities and plans will occur exactly as described herein.

Contact Information

General questions regarding the relief of the 206 NPA should be directed to Cecilia McCabe – NANPA, on 925-420-0130. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.

Attached is a list of service provider and contact information that is provided to assist in the implementation of the relief plan described herein. Because this information is subject to change, NANPA cannot guarantee the completeness or the accuracy of the attached list.
